

# Jammin'

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

I'm not a Rock'n'Roll rebel from county town  
No matter what anybody might do or say  
But I do believe honey I have a plan  
Gimme that smile I'm gonna make my day

Uuuh jammin' with you

Keep a knocking baby from the inside out  
Go on one step further on the dotted line  
Come a bit closer turn it upside down  
Don't be afraid it's gonna work out fine

Everything is gonna be alright  
Walk with me that little extra mile  
Nothing more and nothing less alright  
For the better or the worse this time

I'm not an old school daddy from the USA  
Hey but there we are baby running wild and free  
Redefine your inner self on your way back home  
Don't forget we're not livin' in 10 O C

# '58 Chevy

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Listen to the radio  
Stare into the open sky  
Heavy Metal thunder  
Nothing is impossible  
Take another shot of life  
Until you free your mind

'58 Chevy running wild in the street tonight  
Cadillac dream got the adrenalin overload  
1965 the right time day and night  
45 seconds take a ride for the rest of your life

Lately I've been thinkin' 'bout  
Changing my mind again  
But the eyes are bound in fascination  
No end in sight  
We gotta go for a ride  
Miles away from our home

Push it to the limit  
'cause there is no turning back  
Keep your eyes on the road  
Never say never again  
You better hold on tonight  
Everything is alright

# Easy Tonight

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Lonely day about half past dead  
You're going out and gettin' it on  
The only thing to get ya through the night  
Find your own way and start over again  
Sometimes live will throw you a chance  
Can't you feel it in the air tonight

Remember when we were young  
Doesn't matter if we're old and grey  
Reflecting our times gone by  
Doesn't matter anyway

Livin' is easy tonight

Trouble comin' every day  
In a world gone so wrong  
But tonight nobody's gonna stop you now  
Nothing to fear but fear itself  
Come taste the mood and celebrate  
Rock'n'Roll is here to stay

We will stand shoulder to shoulder  
Maybe this is for real  
It shall be written and it shall be done  
Maybe our dreams come true

Crazy thing called live  
One way ticket to the promised land

# Free

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Feelin' kinda low down in New York City  
Goin' down slow it's just a shame an' a pity  
A pocket full o' memories on my mind  
Makin' my move feelin' quite much better  
Look at my thang been a change in the weather  
Rambling man turn the red lights on

Come on let it be yeah  
I wanna know  
Just wanna be free yeah  
I wanna know

Thank you very much I'm gonna make my day  
Takin' my time 'cause I'm on my way  
Yes I'm a hot freak baby God bless my soul  
Singin' my song for the youth gone wild  
Just another guy to make a grown man cry  
I was a high school dumb when I first met you

A little bit o' that fancy free  
A little bit o' this you and me

Got your mind in the gutter baby don't blame me  
The well runs dry tryin' to shake my tree  
Take my advice I know it won't be long

# Happiness

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

I got only one demand  
Show us how you feel  
I'm gonna make you understand  
What's your point of view

We got love here tonight  
There's one thing on my mind  
Reggae love happiness  
It is you I'm looking for  
We got love here tonight  
Every little move you make  
Reggae love happiness  
Don't you want some more

I just wanna get close to you  
Say what's on your mind  
Love will shine a light on you  
With these growing flames

Is there anybody there  
Who can speak the truth  
For what reason are we here  
Listen to your heart, find redemption

I'm coming back for more

# Song For Billy Hill

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Don't keep running from your shadow baby  
You just got your head up in the clouds  
Put your walking shoes on if you like  
Get your pretty feet back on the ground

I can feel the power of what I'm after  
Everybody knows that I'm alright  
It must be the sound of this ole music  
Put it in perspective, do it right

I can give my word you are not dreaming  
I am on a mission you must know  
Watch out man I'm never losing track  
Anything can happen let it flow

Hillbilly highway to the sun  
I just need a taste and I can't wait  
Good for health and good for cool vibration  
Put the things together, get it straight

When I am sad, when I am lonely  
I wanna dance the night away  
Give me your hand my little darling  
I wanna dance with you tonight

I just wanna dance right with you tonight

# Home To You

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Where I once was upon the Ohio  
I headed out into the great unknown  
Like a restless ghost I learned how to fight  
Where I once was upon the Ohio

A little to the left, a little to the right  
The years have gone by a little has changed  
As a young man I broke away  
Shurely got a little bit stronger

I wanna come home to you  
Can't wait to see my love  
I wanna come home to someone who cares  
To where I belong

Nowadays come whatever happens now  
As long as there's a heartbeat in this soul of mine  
I'm the lucky one for god's sake  
Nowadays come whatever happens now

I think that you could be the better half of me  
You are the one I've waited for so long  
Peace at last my war is over now  
I don't want to be elsewhere

# Rain

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Listen to the rolling thunder  
Listen to the wind of change  
Take me down to the river of love where we belong  
Longing for the day to come  
Longing for a miracle  
This could be the right moment in time back to the well

I think it's gonna rain down  
It's gonna wash my blues away  
I think it's gonna rain down  
Nobody ever knows what it's about  
I think it's gonna rain down  
Keeps me going for another day  
I think it's gonna rain down  
Sometimes it can change everything

There is a time for healing  
There is no stone unturned  
Must be heaven but who can tell or have you seen the truth  
Far beyond imagination  
Far beyond returning back  
One more day before the storm to change this world of mine

If I wish upon a star  
I'll be flying with the wind  
I can walk the distance with you  
And lay my burdens down

# Irish Girl

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

The sky started falling I remember it oh so well  
It was a place called city of rain  
I was sleepwalking with the lonely all the time  
Until you stepped into my arms

Irish girl what would it be like  
Where's your shinin' light of love  
Irish girl speak your mind out  
Is there someone you're missin'

And as the years grow onward I must confess  
You was the closest to heaven that I'll ever be  
Not a chance I'd ever forget your sunshine smile  
I still dream the dream of true love

Whenever I must think about you  
I wonder where you are  
Knowing that time changes everything  
The memories stay with me forever

# Steady Drivin' Man

(Lyrics: Ralph Schaffer / Music: Ralph Schaffer & Light Food)

Don't hesitate to join in for a moment  
You may have a seat and make yourself comfortable  
Keep your eye on the twisted baby don't hang lose  
I will try to read your mind

Ready steady drivin' man  
Call me a ready steady drivin' man  
I'm just a wild boy  
Acting like a crazy cat running around  
Got me a Rock'n'Roll rhythm  
To the early morning light

If you drive south to this place of music  
Got to cool down this heart of Rock'n'Roll  
I got a hard lovin' woman for a hard working man  
No doubt about it now

Time for you to dance into the moonlight  
Raise your hands to Rock until the break of day  
Ready or not stand clear of the edge  
Put your worry on the shelf
